International Forum of Young Art Researchers

SCIENCE SPRING – 2019

Tuesday 16 April – Friday 19 April 2019

Call for Papers

‘Science Spring’ Forum is the unique annual scientific event for young researchers of art and culture. The initiative, concept and program development of the Forum belongs to SIAS PhD students.

Our goal is to invite colleagues to a scientific dialogue as well as share our own experience, talk about themes and methodology of our research and discuss the controversial issues of our works.

Forum statement:

Where’s the revolution? Search for new approaches in the Metamodernism era

Potential topics for discussion:

- ✓ Art perception and interpretation - modern experience
- ✓ Nature as a source and space of artistic ideas
- ✓ Teatralization as an artistic method
- ✓ Communications mechanisms of influence in art
- ✓ Communications mechanisms of understanding in art studies

We accept participation requests from:

- ✓ Art researchers of all specialties
- ✓ Philologists
- ✓ Philosophers of art and culture
- ✓ Theorists and historians of culture
- ✓ Experts in music and theater, artists
- ✓ Museologists, curators

Forum audience is welcome to take part in discussions. Anyone can join discussions and feel him/herself a part of the young scientific community. This is especially important for students who are just starting their journey in science.

If you wish to participate in the Forum, please send your application till **February 15, 2019** to: sciencespring@yandex.ru

We accept applications filled out according to the approved form (see attached). Applications filled out not in accordance with the form and with violations of the requirements will not be accepted.

Participation in absentia is not permitted.

Participants will bare the costs of travel and accommodation.

Forum venue: Moscow, Kozitsky Lane, 5.
